

TA Foundation Year Group (TAFY) 2021

This advanced TA group is open to all people who have already attended the official introductory workshop to Transactional Analysis - the TA 101. It can be a stand-alone programme that deepens your understanding of the TA models, or be the first step of ongoing TA training towards the international certification of Certified Transactional Analyst (CTA). See <https://www.itaaworld.org/itaa-training-examinations-handbook> for the details of the CTA training and certification.

The course runs virtually for a full day per month [9am to 4pm SA time). It attracts trainees from a wide variety of countries. The platform of Zoom allows a highly experiential learning experience. There is rich learning between such diverse people! Supervision is an integral part of the TA learning process and is arranged when needed, outside of the training days.
